

S Jones Containers scores partnership with The Albion Foundation

Walsall-based shipping container hire, sales and conversion specialist S Jones Containers and its U Can Store It brand has proudly partnered with West Bromwich Albion's The Albion Foundation.

To begin the new partnership, S Jones Containers has supplied The Albion Foundation with two state-of-the-art shipping container storage units for its Ray Hall Lane office in Great Barr. S Jones Containers supplied the storage units through its 'Charity Box' initiative, which allows humanitarian registered charities to hire a shipping container for free for six months, with the following six months charged at 50 per cent of its usual tariff.

Commenting on the partnership, Sarah Green, Head of Operations at S Jones Containers said: "With two well-established businesses in the local area, S Jones Containers and U Can Store It, we are excited to partner with the Albion Foundation and support its important work in the community.

"We recognise the Foundation's dedication to using sport, education, and mentoring, to inspire and uplift lives, and we are proud to contribute to these valuable initiatives. As family-owned and managed businesses with deep local ties, we are committed to giving back and fostering positive change in our communities.

"Our values align seamlessly with the Foundation's mission to help individuals reach their full potential. This partnership embodies our shared commitment to making a meaningful impact in the lives of those who need it most."

Jonathan Ward, Deputy Director at The Albion Foundation added: "We're delighted to welcome S Jones Containers and U Can Store It as a new partner. It's a great opportunity to come together with two prospering local businesses.

“To have a safe, secure, and convenient place to store our equipment allows us to continue our award-winning community work. We’re incredibly grateful to S Jones Containers and U Can Store It for their support and look forward to developing our relationship further.”

U Can Store It provides cost-effective self-storage solutions across the West Midlands, with sites located in West Bromwich, Aldridge and Coventry.
